# WORKS NATIVELY ON THE SAVANT HOST AND CONFIGURABLE WITHIN BLUEPRINT

GE smart lighting and devices natively integrate into premium Savant Smart Home Systems. Now you can offer an attractive, affordable assortment that works natively on the Savant host and configurable within Blueprint.

With features like music syncing and multi-color displays, personalize clients' spaces to create the perfect vibe. Enable whole-room lighting scenes like daylight mode that include stand-alone fixtures. Provide the confidence of the top residential lighting brand to your clients.

And do it all seamlessly from the Savant app.
